The Report Log tracks the following information each time your organization requests the report:

- **Requested By**-- The requestor's name.

Report Parameters

Purpose of this page

The Report Parameters page allows you to choose report parameters before requesting a report.

[Navigation](#)

The Navigation Tabs and their links allow you to navigate to the main pages of each section of the site.

How to request a Report

The Report ID box appears at the top of the page and displays the ID, Type, and Name of the report.

To request a report:

1. In the **Type** list, click **Extract** or **Report**, if available.
2. In the **Sort By** list, click an option, if available.
3. In the **Output Medium** list, click an option, if available.
4. Click **Submit**.
5. After the page redisplay and you verify your parameters, click **Confirm**.

When requesting a report, keep in mind the following:

- The Type options are based upon the Report you select. The two types are:
 - The *Report*, which results in an organized, easily readable document. Reports are formatted with headings, columns, sums, and other aids so they can be viewed or printed without further explanation.
 - The *Extract*, which results in a raw data document. Reports generated in Extract format are usually imported into a spreadsheet software program. Extracts are designed to be downloaded to your computer for formatting and analysis. They present data in a flat file with no descriptive titles or other formatting information.

- The **Output Medium** is an option based on user profile.
- School users are only able to view or print their report from the Student Aid Internet Gateway (SAIG) – the TG # assigned when they applied for access to the NSLDS. Each online user has a separate TG number and therefore can find the requested report in that specific mailbox.
- For assistance in retrieving information from the SAIG mailbox, call SAIG 1-800-330-5947.

Reports use the following message classes:

SHCDREOP = Extract format of LRDR

SHCDRROP = Report format of LRDR

SHNOTROP = Report format of Repayment Information

SHNOTEOP = Extract format of Repayment Information

AHSLDSOP = Other Web reports (e.g., exit counseling)

If an error occurs, your page redisplay requests that you type the required data.

- Your suggestions for improving reports that you would like to receive are welcome. Please e-mail your suggestions to NSLDSCOE@raytheon.com.
